

Edhi Hospital – Kanapul Street 23, Sector2

Located at Kanapul Street 23 in Sector 2, **Edhi Hospital** is a modern, community-centered medical facility committed to excellence in patient care. The hospital is home to an outstanding team of doctors from various specialties, each dedicated to delivering high-quality, ethical, and compassionate healthcare. With a focus on patient well-being and continuous medical innovation, Edhi Hospital offers comprehensive diagnostic and treatment services tailored to the diverse needs of the local population.

Doctor Profiles

Dr. Awadil Basaam – Surgeon

Education: MBBS, FCPS (Surgery)

Dr. Awadil Basaam is a skilled general surgeon with extensive experience in performing complex surgical procedures. His areas of expertise include laparoscopic surgeries, trauma management, and abdominal procedures. He is known for his precision, post-operative care, and patient-focused approach.

Dr. Yamar Jahdari – Ophthalmologist

Education: MBBS, MCPS (Ophthalmology)

Dr. Yamar Jahdari specializes in diagnosing and treating eye conditions, including cataracts, glaucoma, and retinal disorders. He provides surgical and non-surgical interventions to restore and preserve vision, including laser-assisted eye surgeries.

Dr. Xobeen Lutf – Dermatologist

Education: MBBS, FCPS (Dermatology)

Dr. Xobeen Lutf offers advanced skin care solutions, addressing issues like acne, eczema, fungal infections, and pigmentation. He also provides cosmetic dermatology services including chemical peels and skin rejuvenation treatments.

Dr. Baqir Ayaan – Neurologist

Education: MBBS, FCPS (Neurology)

Dr. Baqir Ayaan is an expert in neurological disorders such as epilepsy, stroke, and multiple sclerosis. His holistic treatment plans aim at improving quality of life through personalized care and advanced diagnostic techniques.

Dr. Rafan Aryan – Ophthalmologist

Education: MBBS, FCPS (Ophthalmology)

Dr. Rafan Aryan is experienced in treating a wide range of eye conditions, with a focus on diabetic retinopathy, cataract surgery, and routine vision screening. He uses state-of-the-art equipment to ensure optimal outcomes for his patients.

Dr. Rabbaanee Ossama – Oncologist

Education: MBBS, FCPS (Oncology)

Dr. Rabbaanee Ossama provides comprehensive cancer care, including chemotherapy, immunotherapy, and palliative care. She is known for her compassionate communication and evidence-based approach in managing complex cancer cases.

Dr. Aashir Batal – Rheumatologist

Education: MBBS, FCPS (Rheumatology)

Dr. Aashir Batal treats autoimmune and inflammatory disorders such as rheumatoid arthritis, lupus, and ankylosing spondylitis. His care combines the latest research with individualized patient management.

Dr. Wahhaaj Ehsaas – Cardiologist

Education: MBBS, FCPS (Cardiology)

Dr. Wahhaaj Ehsaas specializes in heart disease management including hypertension, coronary artery disease, and heart failure. He performs ECG, echocardiography, and cardiac monitoring, focusing on preventive and interventional cardiology.

Dr. Mourib Umar – Pulmonologist

Education: MBBS, FCPS (Pulmonology)

Dr. Mourib Umar provides treatment for chronic respiratory illnesses such as asthma, COPD, and pulmonary infections. He emphasizes early detection and management using pulmonary function tests and imaging.

Dr. Uhban Abaan – Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Dr. Uhban Abaan manages disorders of the digestive tract including ulcers, liver diseases, and irritable bowel syndrome. He performs endoscopic procedures and offers nutritional counseling alongside medical treatment.

Dr. Zafar Kaamil – Cardiologist

Education: MBBS, FCPS (Cardiology)

Dr. Zafar Kaamil has extensive expertise in diagnosing and treating heart diseases. He is highly regarded for his work in cardiac risk assessment, echocardiography, and chronic disease management.

Dr. Qadi Nabeel – Pediatrician

Education: MBBS, FCPS (Pediatrics)

Dr. Qadi Nabeel offers specialized care for infants, children, and adolescents. He manages childhood infections, growth issues, and provides immunizations and nutritional guidance for young patients.

Dr. Taial Yaman – Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Dr. Taial Yaman treats hormonal and metabolic disorders such as diabetes, thyroid issues, and adrenal gland dysfunctions. His treatment plans often include lifestyle counseling and medical management.

Dr. Ghiyath Aamir – Neurologist

Education: MBBS, FCPS (Neurology)

Dr. Ghiyath Aamir deals with nervous system disorders, including migraines, neuropathies, and neurodegenerative diseases. He focuses on early diagnosis and long-term neurological care.

Dr. Karaamat Iftikhaar – Cardiologist

Education: MBBS, FCPS (Cardiology)

Dr. Karaamat Iftikhaar is known for his expertise in cardiac rehabilitation, arrhythmia management, and preventive cardiology. He integrates lifestyle guidance with advanced cardiac diagnostics.

Dr. Omar Ossama – Oncologist

Education: MBBS, FCPS (Oncology)

Dr. Omar Ossama is a dedicated cancer specialist with expertise in solid tumors and blood cancers. He offers chemotherapy, targeted therapy, and palliative care, working closely with patients to provide emotional support throughout their treatment journey.

Dr. Obaid Iftikhaar – Radiologist

Education: MBBS, FCPS (Radiology)

Dr. Obaid Iftikhaar plays a crucial role in diagnostic imaging. He specializes in X-rays, CT scans, MRIs, and ultrasound-based diagnosis. His accurate interpretation of scans supports effective clinical decision-making.

Dr. Jamal Gulfam – Dermatologist

Education: MBBS, FCPS (Dermatology)

Dr. Jamal Gulfam treats a wide spectrum of skin, hair, and nail disorders. He is also experienced in cosmetic dermatology procedures, laser therapy, and skin cancer screenings.

Dr. Zaahid Tali – Ophthalmologist

Education: MBBS, FCPS (Ophthalmology)

Dr. Zaahid Tali offers care for conditions such as glaucoma, cataracts, and age-related macular degeneration. He emphasizes early detection and corrective procedures to prevent vision loss.

Dr. Awj Aadil – Psychiatrist

Education: MBBS, FCPS (Psychiatry)

Dr. Awj Aadil provides compassionate mental health care, treating depression, anxiety, bipolar disorder, and trauma-related conditions. He uses psychotherapy and medication management to help patients regain balance and mental wellness.

Dr. Yafir Aabid – General Physician

Education: MBBS

Dr. Yafir Aabid serves as a primary care doctor for general medical conditions. He handles routine checkups, infections, chronic disease management, and preventive care with a personalized approach.

Dr. Qaseem Jameel – Rheumatologist

Education: MBBS, FCPS (Rheumatology)

Dr. Qaseem Jameel specializes in autoimmune and inflammatory joint disorders. He provides advanced care for arthritis, gout, and connective tissue diseases using the latest treatment protocols.

Dr. Arham Radi – Neurologist

Education: MBBS, FCPS (Neurology)

Dr. Arham Radi treats a variety of neurological disorders, including seizures, stroke, and nerve-related pain. He combines clinical expertise with modern neurodiagnostic tools for accurate treatment.

Dr. Baaqee Esfandiyar – Pulmonologist

Education: MBBS, FCPS (Pulmonology)

Dr. Baaqee Esfandiyar offers respiratory care for conditions like pneumonia, asthma, and tuberculosis. He emphasizes early diagnosis and provides pulmonary rehabilitation for chronic conditions.

Dr. Ghanee Mahfuj – Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Dr. Ghanee Mahfuj specializes in treating diabetes, thyroid dysfunctions, and hormonal imbalances. His care focuses on individualized treatment, dietary planning, and long-term hormonal health.

Dr. Ghayoor Basheerah – Pulmonologist

Education: MBBS, FCPS (Pulmonology)

Dr. Ghayoor Basheerah provides expert care for respiratory infections, lung fibrosis, and sleep apnea. He combines clinical assessment with modern diagnostic tools for precise lung care.

Dr. Bahiy Udeen Jahdari – Psychiatrist

Education: MBBS, FCPS (Psychiatry)

Dr. Bahiy Udeen Jahdari is known for his empathetic approach to mental health. He treats mood disorders, psychosis, and addiction issues, offering both medication and psychotherapy support.

Dr. Zerdad Awmar – Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Dr. Zerdad Awmar addresses stomach, liver, and bowel issues with a focus on endoscopic diagnosis and long-term care. His services include treatment for hepatitis, ulcers, and chronic digestive problems.

Dr. Muzhir Ghanee – Rheumatologist

Education: MBBS, FCPS (Rheumatology)

Dr. Muzhir Ghanee specializes in joint and connective tissue disorders. His treatments aim to reduce pain and improve mobility in patients with autoimmune diseases and chronic arthritis.

Dr. Elaf Idris – Pulmonologist

Education: MBBS, FCPS (Pulmonology)

Dr. Elaf Idris provides diagnosis and management of chronic lung diseases, bronchitis, and pulmonary infections. His approach includes spirometry, imaging, and patient-focused breathing therapies.

Dr. Ulfat Zahur – Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Dr. Ulfat Zahur treats digestive and liver-related conditions such as GERD, IBS, and hepatitis. She is known for her comprehensive evaluations and dietary guidance.

Dr. Ikraam Tali – General Physician

Education: MBBS

Dr. Ikraam Tali provides comprehensive medical care for general health concerns including infections, fevers, and chronic conditions. He promotes preventive health through lifestyle coaching and wellness checkups.

Dr. Iftikhaar Zafrul – Rheumatologist

Education: MBBS, FCPS (Rheumatology)

Dr. Iftikhaar Zafrul treats autoimmune and inflammatory joint diseases using evidence-based practices. He emphasizes early intervention to minimize joint damage and improve life quality.

Dr. Aaus Awadil – Ophthalmologist

Education: MBBS, FCPS (Ophthalmology)

Dr. Aaus Awadil provides advanced eye care for both adults and children. His services include cataract surgery, diabetic eye exams, and vision therapy.

Dr. Jalil Buraid – Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Dr. Jalil Buraid manages gastrointestinal disorders such as constipation, liver problems, and peptic ulcers. He uses endoscopy and lab investigations to guide treatment.

Dr. Zaahid Fidvi – Surgeon

Education: MBBS, FCPS (Surgery)

Dr. Zaahid Fidvi specializes in general and emergency surgeries, including hernia repairs, appendectomies, and gallbladder surgeries. He is skilled in both open and laparoscopic techniques.

Dr. Raakin Saajid – Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Dr. Raakin Saajid is an expert in digestive health, treating disorders like acid reflux, liver inflammation, and ulcers. He focuses on lifestyle-driven management and minimally invasive procedures.

Dr. Raees Bambad – Urologist

Education: MBBS, FCPS (Urology)

Dr. Raees Bambad offers specialized care in urinary tract disorders, kidney stones, and male reproductive health. He performs diagnostic procedures and surgical treatments including endoscopic urology.

Dr. Omair Karaamat – Urologist

Education: MBBS, FCPS (Urology)

Dr. Omair Karaamat is experienced in treating prostate issues, urinary tract infections, and bladder conditions. He incorporates cutting-edge technology for accurate diagnostics and treatment.

Dr. Kalbi Ghunayn – Consultant Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Experience: 10+ years in digestive and liver health

Expertise: Treats chronic liver diseases (hepatitis B & C), gastrointestinal bleeding, ulcers, and IBS. Expert in endoscopy and colonoscopy for diagnostic and therapeutic purposes.

Dr. Ghauth Taaj – Consultant Nephrologist

Education: MBBS, FCPS (Nephrology)

Experience: 12 years managing kidney disorders

Expertise: Specializes in acute and chronic kidney failure, nephrotic syndrome, and electrolyte imbalances. Also provides dialysis supervision and renal transplant evaluations.

Dr. Baleegh Ihab – Consultant Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Experience: 9 years in hormone-related diseases

Expertise: Diagnoses and manages diabetes, thyroid disorders, pituitary and adrenal issues, and growth disorders. Focuses on patient-centered diabetes education and care.

Dr. Kazi Ehsaas – Consultant Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Experience: 11+ years of clinical endocrinology practice

Expertise: Expert in managing obesity, PCOS, osteoporosis, and metabolic syndrome. Provides hormonal therapy and customized treatment plans.

Dr. Jabr Darain – Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Experience: 10 years in endocrinology and internal medicine

Expertise: Specializes in type 1 and 2 diabetes, thyroid nodules, goiter, and rare endocrine tumors. Uses advanced diagnostics for personalized care.

Dr. Bilaal Najeeb – Consultant Urologist

Education: MBBS, FCPS (Urology)

Experience: 10+ years in urological and renal surgeries

Expertise: Performs procedures for kidney stones, prostate enlargement, bladder issues, and male infertility. Skilled in endoscopic urological surgeries.

Dr. Tabassum Aarif – General Surgeon

Education: MBBS, FCPS (General Surgery)

Experience: 9 years in general and trauma surgery

Expertise: Conducts surgeries for gallstones, hernia repair, breast lumps, appendectomies, and minor soft tissue procedures with precision and safety.

Dr. Yafi Basheerah – Consultant Surgeon

Education: MBBS, FCPS (Surgery)

Experience: 10+ years in general and abdominal surgery

Expertise: Handles elective and emergency surgeries, with a focus on minimally invasive techniques. Known for her patient-focused approach and post-op care.

Dr. Qusay Saad – Eye Specialist (Ophthalmologist)

Education: MBBS, DOMS (Diploma in Ophthalmic Medicine and Surgery)

Experience: 7+ years in eye health and microsurgery

Expertise: Treats cataracts, glaucoma, refractive errors, and diabetic retinopathy. Performs routine vision checks, LASIK, and minor ocular procedures.

Dr. Ghaffaar Wafeeq – Consultant Cardiologist

Education: MBBS, FCPS (Cardiology)

Experience: 14 years in managing cardiac conditions

Expertise: Specializes in ischemic heart disease, angiography interpretation, arrhythmia management, and heart failure. Focuses on preventive cardiology and lifestyle changes.

Dr. Ubaadah Qabeel – Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Experience: 10 years in digestive and liver diseases

Expertise: Manages acid reflux, peptic ulcers, inflammatory bowel disease, and chronic hepatitis. Performs diagnostic endoscopy and therapeutic GI procedures.

Dr. Yaqub Umar – Orthopedic Specialist

Education: MBBS, FCPS (Orthopedics)

Experience: 12+ years in bone and joint care

Expertise: Specializes in joint replacements, fractures, sports injuries, and pediatric orthopedic conditions. Provides both surgical and non-surgical solutions.

Dr. Baleegh Qaasim – Consultant Nephrologist

Education: MBBS, FCPS (Nephrology)

Experience: 9 years in kidney and urinary care

Expertise: Expert in hypertension-induced renal issues, glomerulonephritis, and dialysis management. Offers pre-transplant counseling and chronic care.

Dr. Aasif Maawiya – Consultant Anesthesiologist

Education: MBBS, FCPS (Anesthesiology)

Experience: 11 years in perioperative and critical care

Expertise: Provides anesthesia for surgeries, pain management, and intensive care support. Ensures patient safety during surgical and emergency procedures.

Dr. Labib Aatiq – Consultant Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Experience: 8 years treating hormonal and metabolic conditions

Expertise: Treats thyroid diseases, diabetes, hormone deficiencies, and metabolic bone disease. Known for his patient-centered and evidence-based treatment approach.

Dr. Ubay Ubayd – Consultant Pediatrician

Education: MBBS, FCPS (Pediatrics)

Experience: 10 years in child health and development

Expertise: Treats childhood infections, asthma, allergies, malnutrition, and growth issues. Provides immunization and neonatal care services.

Dr. Pervaiz Sabeeh – Consultant Oncologist

Education: MBBS, FCPS (Oncology)

Experience: 13 years in cancer diagnosis and treatment

Expertise: Manages breast, prostate, colorectal, and hematologic cancers. Provides chemotherapy, hormonal therapy, and palliative care for advanced-stage patients.

Dr. Baaqir Man – Anesthesiologist

Education: MBBS, FCPS (Anesthesia)

Experience: 10 years in operation theater and ICU anesthesia

Expertise: Expert in general and spinal anesthesia, pain management, and sedation for surgical and diagnostic procedures. Works closely with surgical teams.

Dr. Lutfi Dabir – Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Experience: 9 years in upper GI and hepatobiliary diseases

Expertise: Specializes in fatty liver, hepatitis, gastritis, and endoscopic treatments. Offers comprehensive digestive system evaluations.

Dr. Saaq Batool – Consultant Gynecologist

Education: MBBS, FCPS (Gynecology & Obstetrics)

Experience: 12 years in women's reproductive health

Expertise: Manages pregnancy, infertility, PCOS, menopause, and gynecological surgeries. Provides pre- and post-natal care with a compassionate approach.

Dr. Tahmid Tahawwur – Consultant Cardiologist

Education: MBBS, FCPS (Cardiology)

Experience: 13+ years in cardiac care

Expertise: Expert in coronary artery disease, hypertension, arrhythmias, and heart failure. Performs ECG, ECHO, and provides preventive heart health counseling.

Dr. Wahban Saaqib – Consultant Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Experience: 11 years managing endocrine disorders

Expertise: Treats thyroid problems, diabetes, adrenal insufficiency, and growth abnormalities. Offers advanced endocrine evaluations and hormone therapy plans.

Dr. Najeel Naail – Consultant Nephrologist

Education: MBBS, FCPS (Nephrology)

Experience: 12 years in renal medicine

Expertise: Specializes in managing renal failure, kidney infections, hypertension-related kidney problems, and post-transplant care. Expert in managing dialysis programs.

Dr. Chashida Aamil – Consultant Surgeon

Education: MBBS, FCPS (Surgery)

Experience: 10+ years in general and laparoscopic surgery

Expertise: Conducts gallbladder, hernia, appendix, thyroid, and breast surgeries. Skilled in minimally invasive techniques with excellent surgical outcomes.

Dr. Sabur Mahbub – Consultant Cardiologist

Education: MBBS, FCPS (Cardiology)

Experience: 14 years in adult and elderly heart care

Expertise: Focuses on preventive cardiology, post-MI care, and heart rhythm disorders. Known for thorough diagnostics and personalized treatment planning.

Dr. Barr Nail – Consultant Anesthesiologist

Education: MBBS, FCPS (Anesthesia)

Experience: 9 years in anesthesia and critical care

Expertise: Manages perioperative pain, provides regional and general anesthesia, and monitors patients during complex surgeries. Specializes in ICU sedation and pain relief.

Dr. Yadid Sadan – Consultant Dermatologist

Education: MBBS, FCPS (Dermatology)

Experience: 10+ years in skin and cosmetic treatment

Expertise: Treats acne, eczema, pigmentation, fungal infections, and hair loss. Offers skin rejuvenation procedures, mole removal, and laser treatments.

Dr. Bahaa Ghazzal – Consultant Surgeon

Education: MBBS, FCPS (Surgery)

Experience: 11 years in surgical procedures

Expertise: Performs abdominal, soft tissue, and minor cancer-related surgeries. Committed to post-op care, wound management, and surgical safety protocols.

Dr. Sabeeh Kasim – Consultant Pulmonologist

Education: MBBS, FCPS (Pulmonology)

Experience: 12 years in respiratory and lung diseases

Expertise: Treats asthma, COPD, pneumonia, tuberculosis, and long-term ventilatory support. Offers bronchoscopy and pulmonary function testing.

Dr. Ghulaam Ghutayf – Consultant Urologist

Education: MBBS, FCPS (Urology)

Experience: 13 years in urological health

Expertise: Specializes in urinary tract infections, male reproductive issues, kidney and bladder stones, and endoscopic urological procedures.

Dr. Parsa Qusay – Consultant Neurologist

Education: MBBS, FCPS (Neurology)

Experience: 10 years treating neurological disorders

Expertise: Manages stroke, epilepsy, migraines, Parkinson's disease, and neuropathies. Known for detailed neurological evaluations and neuro-rehabilitation planning.

Dr. Ijli Sair – Consultant Endocrinologist

Education: MBBS, FCPS (Endocrinology)

Experience: 8 years in hormonal health

Expertise: Diagnoses and treats pituitary tumors, thyroid nodules, diabetes, and male/female hormone disorders. Provides hormonal balance therapy and regular monitoring.

Dr. Qadar Yasir – Consultant Dermatologist

Education: MBBS, FCPS (Dermatology)

Experience: 9 years in dermatological and cosmetic care

Expertise: Offers treatment for acne scars, melasma, warts, psoriasis, and fungal infections. Provides skin tightening, chemical peels, and PRP therapy.

Dr. Mahdy Jahdami – Consultant Pulmonologist

Education: MBBS, FCPS (Pulmonology)

Experience: 10+ years in respiratory and chest diseases

Expertise: Treats chronic cough, lung infections, interstitial lung diseases, and post-COVID lung complications. Offers chest X-ray analysis and pulmonary rehab programs.

Dr. Waahid Sadan – ENT Specialist

Education: MBBS, FCPS (ENT)

Experience: 10 years in ear, nose, and throat treatment

Expertise: Manages hearing loss, sinusitis, tonsillitis, nasal polyps, and vocal cord issues. Performs diagnostic nasal endoscopy and ear surgeries.

Dr. Ubaadah Ghafoor – Consultant Gynecologist

Education: MBBS, FCPS (Gynecology & Obstetrics)

Experience: 11 years in women's health

Expertise: Treats menstrual irregularities, ovarian cysts, uterine fibroids, and provides antenatal care. Expert in C-sections and minimally invasive gynecological procedures.

Dr. Dameer Awamil – Consultant Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Experience: 12 years in digestive system and liver diseases

Expertise: Manages GERD, gastritis, IBD, cirrhosis, and fatty liver. Skilled in therapeutic endoscopies and ERCP. Known for digestive wellness plans and patient education.

Dr. Naeem Raatib – ENT Specialist

Education: MBBS, FCPS (ENT)

Experience: 11 years in otolaryngology

Expertise: Skilled in managing sinusitis, hearing loss, nasal congestion, throat infections, and snoring. Performs ear surgeries and nasal endoscopies with precision.

Dr. Aamir Yasir – Consultant Dermatologist

Education: MBBS, FCPS (Dermatology)

Experience: 10+ years in dermatological care

Expertise: Specializes in treating acne, fungal infections, eczema, and melasma. Provides cosmetic treatments such as chemical peels and PRP therapy.

Dr. Umair Quadir – Consultant Urologist

Education: MBBS, FCPS (Urology)

Experience: 12 years in urinary system disorders

Expertise: Expert in treating kidney stones, urinary tract infections, prostate issues, and infertility in men. Offers both medical and surgical urology care.

Dr. Qabeel Saalim – Consultant Gastroenterologist

Education: MBBS, FCPS (Gastroenterology)

Experience: 11 years in gastrointestinal medicine

Expertise: Treats acid reflux, ulcers, hepatitis, and irritable bowel syndrome. Performs diagnostic and therapeutic endoscopic procedures.

Dr. Qaadir Saal – Consultant Ophthalmologist

Education: MBBS, FCPS (Ophthalmology)

Experience: 10 years in eye and vision care

Expertise: Expert in cataract surgery, diabetic eye disease, glaucoma, and vision correction procedures. Offers comprehensive eye screenings.

Dr. Maajid Saahir – General Physician

Education: MBBS

Experience: 9 years in internal medicine

Expertise: Treats chronic conditions like diabetes, hypertension, fever, infections, and provides general wellness and lifestyle consultations.

Dr. Majdy Mad – Consultant Anesthesiologist

Education: MBBS, FCPS (Anesthesia)

Experience: 10+ years in perioperative care

Expertise: Provides general and regional anesthesia, monitors patients during surgeries, and manages ICU sedation and critical pain relief strategies.

Dr. Rabbaanee Buraid – Consultant Ophthalmologist

Education: MBBS, FCPS (Ophthalmology)

Experience: 12 years in vision and eye care

Expertise: Skilled in refractive surgeries, cataract treatment, corneal disorders, and diabetic retinopathy. Offers eye exams and surgical consultations.

Dr. Qasif Yasir – General Physician

Education: MBBS

Experience: 8 years in outpatient and preventive care

Expertise: Manages flu, infections, gastrointestinal complaints, and chronic disease follow-up. Promotes healthy lifestyle and routine medical checkups.

Dr. Tajudinn Zaahir – Consultant Nephrologist

Education: MBBS, FCPS (Nephrology)

Experience: 12 years in kidney health and dialysis

Expertise: Treats chronic kidney disease, acute renal failure, hypertension-related nephropathy, and dialysis management. Focuses on preventative kidney care.

Dr. Kawthar Liyaaqat – Consultant Neurologist

Education: MBBS, FCPS (Neurology)

Experience: 10+ years in neurological care

Expertise: Specializes in epilepsy, migraines, multiple sclerosis, neuropathies, and stroke management. Provides advanced neurodiagnostic services.

Dr. Yureed Mahmoud – Consultant Pulmonologist

Education: MBBS, FCPS (Pulmonology)

Experience: 11 years in lung and respiratory disorders

Expertise: Treats asthma, bronchitis, pulmonary fibrosis, and tuberculosis. Performs bronchoscopy and offers lung rehabilitation programs.

Dr. Ibaad Yar – ENT Specialist

Education: MBBS, FCPS (ENT)

Experience: 10 years in ENT care

Expertise: Manages voice disorders, sinus problems, tonsillitis, and chronic ear infections. Performs ENT surgeries and allergy-related assessments.

Dr. Baahir Jahdari – Consultant Gynecologist

Education: MBBS, FCPS (Gynecology & Obstetrics)

Experience: 11 years in women's health

Expertise: Offers antenatal care, infertility treatment, fibroid and cyst management, and laparoscopic gynecological surgeries.

Dr. Man Luay – General Physician

Education: MBBS

Experience: 9 years in primary healthcare

Expertise: Treats common illnesses, provides regular health screenings, and manages chronic diseases with a preventive care approach.

Dr. Yaman Aamirah – Consultant Oncologist

Education: MBBS, FCPS (Oncology)

Experience: 12 years in cancer treatment

Expertise: Provides chemotherapy, palliative care, and counseling for cancers such as breast, lung, and gastrointestinal. Designs personalized oncology plans.

Dr. Harnail Aamirah – Consultant Ophthalmologist

Education: MBBS, FCPS (Ophthalmology)

Experience: 10 years in clinical and surgical eye care

Expertise: Expert in retinal exams, pediatric eye care, and minor ocular surgeries. Manages vision disorders and provides laser therapy.

Dr. Kareem Rabbani – Consultant Pediatrician

Education: MBBS, FCPS (Pediatrics)

Experience: 11 years in child health

Expertise: Offers neonatal care, vaccination, management of childhood infections, and nutritional counseling for infants and children.

Dr. Gohar Zackariya – Consultant Dermatologist

Education: MBBS, FCPS (Dermatology)

Experience: 9+ years in skin and hair disorders

Expertise: Treats alopecia, skin infections, pigmentation disorders, and provides cosmetic procedures including fillers and microdermabrasion.

Dr. Kauthar Tahmaseb – Consultant Rheumatologist

Education: MBBS, FCPS (Rheumatology)

Experience: 10 years in joint and autoimmune conditions

Expertise: Manages rheumatoid arthritis, lupus, gout, and osteoarthritis. Provides long-term care and joint preservation strategies.

Dr. Rafeeq Raaghib – General Physician

Education: MBBS

Experience: 8 years in general healthcare

Expertise: Treats common ailments, controls diabetes and blood pressure, and offers preventive health advice for all age groups.

Dr. Aamir Luqmaan – Consultant Psychiatrist

Education: MBBS, FCPS (Psychiatry)

Experience: 10 years in mental health care

Expertise: Treats depression, anxiety, PTSD, bipolar disorder, and substance abuse. Offers psychotherapy and medication-based management.

Dr. Gohar Ubaydullah – Consultant Nephrologist

Education: MBBS, FCPS (Nephrology)

Experience: 11 years in nephrology care

Expertise: Focuses on chronic kidney conditions, nephrotic syndrome, electrolyte imbalances, and pre- and post-dialysis care.

Dr. Aashir Sadaqat – Consultant Cardiologist

Education: MBBS, FCPS (Cardiology)

Experience: 12 years in cardiovascular health

Expertise: Expert in treating heart blockages, high blood pressure, and chest pain. Provides ECG, ECHO, angiography referrals, and lifestyle modification plans.
